S770R-TF7/TFC-D3

(2-3/4"—70mm)

70mm Stainless Steel Disk Lock

- Seven pin tubular mechanism
- Over 60,000 usable key combinations*
- Numbered and registered key code for fast secure replacement
A Lock America exclusive!
- Easy to use overlock function

The TF7/TFC Numbered Key
Just record the key number. If the keys are lost, you can order a replacement key from Lock America. No more drilling or cutting disk locks! Lock America records the date of every key we cut and ship.

The TF-7/TFC Overlock Key

You get an overlock key that locks out any lock at your facility. Turn to the red dot to lock out. Turn back to re-activate when the bill is paid. Many overlock systems available.
